A Brief History Of Happiness

In this brief history of happiness, philosopher Nicholas White reviews 2,500 years of attempts to answer such questions. White considers the ways in which major thinkers from antiquity to the present day have treated happiness: from Plato's notion of the harmony of the soul and Aristotle's account of well-being or flourishing as the aim of an ethical life, to Aquinas' idea of the vision of the divine essence, Bentham's hedonistic calculus, and the modern-day decision-theoretic notion ...

In this brief history, philosopher Nicholas White reviews 2,500 years of philosophical thought about happiness. Addresses key questions such as: What is happiness? Should happiness play such a dominant role in our lives? How can we deal with conflicts between the various things that make us happy?

A Brief History of Happiness by Nicholas White

A modern Russian adage holds that "a person who smiles a lot is either a fool or an American." It's true that when McDonald's arrived in Russia, in 1990, one of its first tasks was to train clerks...

The History of Happiness - Harvard Business Review

Aristotle used the word eudaimonia to describe happiness as an experience of the good life through virtuous action. To Herodotus, the happiness known as eudaimonia implied possession of a guiding spirit, or "daimon". We could think of this as our conscience - though today most people don't associate conscientious action with happiness.

A History of 'Happiness' | HuffPost Life

A Brief History of Happiness. Oxford: Blackwell Publishing, 2006. x + 174 pp. Paper, \$18.95--In his Brief History of Happiness, Nicholas White offers a brisk, informative, and readable account of various attempts, throughout the Western philosophical tradition, to articulate the meaning of that elusive term "happiness."

A short history of American-style happiness Consumption has not always been king in the United States. It became a national preoccupation beginning in the 1920s when business leaders began worrying that Americans were satiated, that they had all the appliances and consumer goods they wanted.

A Brief History of Happiness: How America Lost Track of ...

The history of happiness is no ordinary history, and the subject is by no means ordinary either. The idea of happiness points us to an all-inclusive assessment of a person's condition. It makes a claim, at least, to take into account all considerations about what's desirable and worthwhile. The history of happiness might thus claim to be

a brief history of happiness - Semantic Scholar

First of all, this book isn't really "a brief history of happiness." Rather, it's an exploration of what Western philosophers have had to say about happiness, especially ancient Greeks and Romans. This limitation of course leaves a lot out, including both non-Western philosophy as well as ideas from outside of philosophy, so I think the book's title overpromises and is misleading.

A Brief History of Happiness (Brief Histories of ...

A brief history of happiness January 14, 2019 depauw university has a shortened semester between winter break and the spring semester called winter term. students can choose to extend their time off to be with family, get internships, study abroad, or stay on campus to dive into one area of study by taking a single three week course.
