The most prominent items in Miller's well are his electric bass, his bass clarinet and his skills as a producer/arranger/composer. The electric bass came first. When he arrived on the New York music scene in the late '70s, barely out of his teens, he was, as he describes it, "on the cusp" of the instrument's arrival.

The walking bass line in the solo section is definitely the work of a man who has studied his jazz. Check out those chormatic approach notes! I recorded this on my Palatino EUB with Presto nylon-wound strings. I used my Markbass Compressor with my usual settings, the volume level is similar to an electric bass.

The Complete On the Corner Sessions is a posthumous box set by American jazz musician Miles Davis, released in the US on September 25, 2007 by Columbia Records and in the UK on September 29 on Legacy Recordings. Like other Davis box sets, the included material is taken from a wider chronology of sessions than the dates which actually produced the titular album.
