Theodore Levitt was a German American economist and a professor at the Harvard Business School. He was editor of the Harvard Business Review, noted for increasing the Review's circulation and popularizing the term globalization. In 1983, he proposed a definition for corporate purpose: "Rather than merely making money, it is to create and keep a customer".

Theodore Levitt - Wikipedia

The difference speaks for itself. Yet the fluent advisers to business seldom make the distinction. They tend to rate ideas more by their novelty than by their practicability. Theodore Levitt (1974). Marketing for business growth, p. 71. People don't want to buy a quarter-inch drill, they want a quarter-inch hole.

But, as he ...

Marketing Myopia (HBR Bestseller)

Marketing Myopia was first coined by Theodore Levitt, editor of the journal Harvard Business Review, and it refers to the often myopic view that a business might get where it looks at the business's own goals rather than focusing on the needs and wants of the customers. Looking at the market from a myopic perspective results in the company ignoring the many opportunities and possibilities which the market represents.

What is Marketing Myopia and what does the theory suggest?

He activates the vision with solid marketing and sales growth strategies, along with customer-focused initiatives. Ted's experience is particularly valuable to start-up and growth stage companies.
