Word 2007 is like a typewriter on steroids! In this respect Word is no different from other word processing programs. Since the computer has become a common household and workplace item the typewriter has almost disappeared. Some people might have kept their typewriter, but that is mostly for sentimental reasons.

Keep in mind that the Formatting toolbar in Microsoft Excel 2007 is exactly the same as the one used for Microsoft Word 2007. The biggest difference between the two programs is that, in Excel, the format is set for each individual cell. So if you change the font and applied the bold option in cell C5, then this format will only be applied to ...
