Reach for Reading is a K-6 reading and language arts program built to meet the demands of the CCSS, and is built around 'Big Ideas' in the National Geographic difference.

### **Reach for Reading - National Geographic Learning**

At the USGS EROS Center, we study land change and produce land change data products used by researchers, resource managers, and policy makers across the nation and around the world. We also operate the Landsat satellite program with NASA, and maintain the largest civilian collection of images of the Earth's land surface in existence, including tens of millions of satellite
