Collector
filter media making it suitable for various industries and dust types, including abrasive, toxic and explosive dust. It is suitable for air filtration of dust and fumes from cement, metals/aluminum, food & beverages ...

Pulse Jet 3 & 4 Jet Cartridges | Nordic Air Filtration

The main cleaning modes of pulse-jet

cartridge filter are the C-D mode and the C-T mode. The C-D mode refers to the cleaning performed when the pressure drop reached the set maximum value. The C-T mode refers to the cleaning which is performed at a certain constant time interval. In this section, the two modes were tested to study the effects ...
