Smith And Wesson Model 77a

Smith & Wesson made their own airguns, which was not common for a firearms company. Most firearms companies like Winchester buy guns from other makers and have their names put on them. In fact Winchester was buying air rifles and pistols from Diana in the 1970s when the 77A was being produced. In 1974 their model 427 breakbarrel went for \$47.95.

Smith & Wesson model 77A multi-pump pneumatic air rifle ...

The Smith and Wesson 77A is 6.22 caliber single shot, multi pump pneumatic air rifle. They're a very heavily constructed rifle made by Smith & Wesson around 1973. This one is marked Smith & Wesson Springfield MASS. The metal retains about 85% of the original finish.
