The Void, The Grid The Sign: Traversing The Great Basin. What Barry Lopez did in expanding our vision of the frozen North in Arctic Dreams, William Fox has done in broadening our perceptions of the desert expanses of the West's Great Basin. Roughly a quarter of a million acres of land spanning much of Utah and most of Nevada, the Great Basin is the highest and driest of the American deserts, a vast empty tract on the nineteenth-century maps of our continent.

I finally extended my OpenGL-based Eulerian fluid simulation to 3D. It's not as pretty as Miles Macklin's stuff (), but at least it runs at interactive rates on my GeForce GTS 450, which isn't exactly top-of-the-line. My original blog entry, "Simple Fluid Simulation", goes into much more detail than this post. I thought it would be fun to invert buoyancy and gravity to make it look ...
