Zero to One suggests a very different method from the lean-agile approach proposed by Steve Blank and Eric Ries in *The Four Steps to the Epiphany* and *The Lean Startup* respectively. They suggest that Customer Discovery, Validation, Creation and Building are the cornerstones of the startup approach.

Zero to One is about how to build companies that create new things. It draws on everything I've learned directly as a co-founder of PayPal and Palantir and then an investor in hundreds of startups, including Facebook and SpaceX. But while I have noticed many patterns, and I relate them here, this book offers no formula for success.
